PORTABLE COMBUSTION ANALYZER
UP TO 4 SENSORS

- **7" Touch Screen for easy menu navigation**
- **Simultaneous Gas Pressure + Combustion Measurements**
- **Optional Built-in Printer**
- **Long Life O2 Sensor (4 Years)**
- **New Dual Range (Low/High) Sensor Technology**
- **Upgradeable To Low NOx and SOx sensors**
- **15 Preprogrammed Fuels Including Natural Gas, Oil, Propane, & Biofuels**

NEW!
- *BIO 5%, B20, B50, B80,B100 Fuels*

- **CO Protection Dilution Pump**
- **Rechargeable Li-Ion Batteries**
- **Integrated water trap with LED backlight for easy maintenance**
- **Differential Pressure Manometer**
- **Draft Measurement**
- **Mobile App for iOS and Android**

EVERY KIT INCLUDES:
- Combustion Analyzer
- Gas probe with 12" (300 mm) interchangeable tip
- 10 ft (3m) Single Connection Hose
- Integrated water trap
- Manometer Hoses
- AC Power Adapter & Cable
- Hard plastic kit case
